

Dear parent,

This week your child's class is participating in 'De Schaal van M', a competition about medialiteracy for classes from year 5 and 6 in primary school (10-12yo). During this week they will also participate in a Week Challenge. To do this, they have to keep track of their activities for a week through photos or videos that they share on the bulletin board ('*prikbord*') of 'De Schaal van M': <https://deschaalvanm.be/prikbord>.

However, not all parents want the image of their child to be shown on the internet, so we kindly ask you for your explicit **permission**.

Do you agree to the use of photos or videos of your child in this way? Let us know using the form below.

** During the week we visit some classes and also take some photos or videos ourselves. The winning class is also photographed and filmed. These images can be shared on the website of Mediawijs or Ketnet.*

Hand this strip to the teacher.
